this class was great! i almost wish it was just called lighting because that is the main component of the course and it is crucial to any film major, in my opinion. the only downfall was the amount of group projects and scheduling issues but i do understand why the course is conducted in this way.

This class was awesome and I have already recommended other film students to take it if they haven't already done so!

Courtney is the best professor I've ever had. Her class was so organized and the feedback she gave to us students really helped form my understanding of procedures and assignments.

Courtney is a fantastic professor, her goal is truly to educate her students

I wish we could go more in-depth on stuff but the class seems to be at the right level for most people in it.

This professor was one of the best professors I've had. She cares for her students and is nice. The projects we had were fun to do but they were difficult to do because we had to work around everyone's schedules.
